

## Vaccine Passport Announcement

Attention Thunder Bay Figure Skating Club Skaters, Board Members, Volunteers, Coaches, Members;

Starting [Wednesday September 22](#), 2021 the Government of Ontario has announced the requirement for proof of vaccination certificates in accordance with Ontario Regulation 645/21, patrons entering the City's indoor recreation facilities are required to provide their vaccination receipt or medical exemption alongside government issued identification to access certain indoor recreation facilities, programs and services (including the Port Arthur Arena). This requirement is in addition to existing active screening procedures.

As an organization working with children who are unable to be vaccinated, we encourage everyone who is able to receive their COVID-19 vaccination so that we can all return to play safely.
